4. Other

- Linda reported that OAPCTE is looking for a representative to participate in the Dean's Compact on Exceptional Children. Sally Brannan will be our representative.
- Ohio Child Care Resource & Referral Association – Early Childhood Articulation Agreements are in place with some two-year institutions. However, there are now requests that Associate Degrees in education be transferrable. Two-year institutions are seeking seamless admission to 4-year institutions for these EC students. Each institution needs to examine carefully the possible relationship. Usually, the two-year institutions do not have program

approval or appropriate accreditation in line with our program expectations. Two questions: What kind of articulation agreements do you have? What are the barriers to those articulation agreements? Each of us needs to be mindful of how we define “articulation agreements.”

- We need to consider the use of some online meeting format. We could pilot and then make a decision. GotoWebinar was suggested. Mark Meyers will set up a pilot date.
- Students in principal program can only pursue license only in areas where they have two years background in that area. Ohio Professors of Ed Administration will be held October 4 at Ohio Dominican from 10 AM – 1:30 PM. The contact is Sr. JoAnn Hohenbrink hohenbrj@ohiodominican.edu.

Dispositional Work followed in a large group. Some discussion of general qualities and expectations surfaced. The group decided to continue small group work in this area at the November meeting.

The meeting adjourned at 12:55 PM.
